A screenshot of the Spypet app interface. At the top, the Spypet logo is visible. Below it, the heading "Your devices" is displayed, followed by the text "Owned Spypet devices". There are five input fields for device names, each with a right-pointing arrow. The first field contains "Spypet # 7042". A modal dialog box is open over the second field, which contains the text "Set Device Name:" followed by a text input field containing "Second Spy|". Below this, the text "Scan QR code:" is shown above a yellow button with a QR code icon and the text "SCAN QR". The remaining three input fields are empty.

The screenshot shows the 'Main Settings' screen of the Spypet app. At the top, the app name 'Spypet' is displayed with a logo. Below it, the title 'Main Settings' is shown with a right-pointing arrow. The device identifier 'Spypet # 7042' is listed. The interface is divided into two columns: 'Capacity' with a folder icon and 'Bowl' with a bowl icon. A large orange '75%' is displayed on the left, and '239' is on the right. Below these, a calendar icon is shown next to the date '10 : 45' and the time 'D: Tue M: April Y: 2023'. A 'MONTHLY' label is also present. A large circular display at the bottom shows '230g' and an 'EJECT' button. A power button icon is at the bottom right.

The screenshot shows the Spypet app interface. At the top, the app name 'Spypet' is displayed. Below it, the 'Main Settings' section shows 'Spypet # 7042' and a right-pointing arrow. The 'Capacity' section displays '75%' in large orange text. The 'Bowl' section displays '239' in large white text. A date picker menu is open, showing 'D: Tue M: April' and 'THLY'. The menu options are 'Set Time', 'Set Date', 'View History', and '24h format'. The 'View History' option is highlighted in orange. Below the menu, a large orange circular gauge displays '230g' in orange text. A 'EJECT' button is located below the gauge. The bottom of the screen features a hamburger menu icon on the left and a power icon on the right.
